

**AN INFORMATIONAL NEWSLETTER FOR THE CUSTOMERS OF
COTA & COTA, GAYS FUEL SERVICE AND PARKER OIL**

The Energy Hurricane Disaster Named Wall Street

Wild speculative commodity exchanges have taken control of energy prices using "Supply and Demand" as the excuse for price increases. Crude oil has risen to nearly \$150 per barrel and back to nearly \$100 per barrel in 3 months on no real change in supply or demand. We believe that these markets will continue to fluctuate wildly due to the lack of market oversight, not energy supply.

Regardless of what occurs in these markets for oversight, we have offered our customers security with our price protection programs. We believe that our "capped" programs will give you great value this year.

Thank you for your business, and we will continue to work hard for you.

Fuel Assistance

The Fuel Assistance Program is administered by the State and funded by Federal dollars.

To apply for Fuel Assistance you must fill out a Fuel Assistance application each and every year. Even if you were eligible in the previous year, you still must reapply.

You can receive an application by calling your fuel office. If Cota & Cota can assist you, do not hesitate to call us at 888•COTAOIL (888-268-2645) or stop by our offices. Below are direct contact numbers for Vermont & New Hampshire residents.

Vermont:

After Hours Hotline	800-287-0589
